NEWARK, N. J.

May 2, 1922.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Council Chamber, City Hall, Newark, at 11 a. m.

Present: Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

Absent: Commissioner Raymond.

The minutes of meeting of April 25th, 1922 were read and approved.

Mayor Breidenbach: Are there any citizens present who wish to be heard on the paving of Doremus Avenue from Lincoln Highway to Port Street?

Mr. Frank J. Coyle, representing the Organic Salt & Acid Company, stated he appeared before the Com-

missioners of Assessments for Local Improvements yesterday morning and filed a memorandum with the Commission which covers the attitude of his clients concerning the assessment levied for Doremus Avenue paving. It was his opinion that the assessment should be levied on the City at large instead of on the property owners in this locality.

Commissioner Howe offered the following resolution:

Yeas: — Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

Mr. Joseph W. Burton, 420 Clinton Place: I am appearing before your Commission in connection with the sewer that was supposed to have been put in at the corner of Goldsmith Avenue, for which the City sent me a bill. I have lived in the house since January, 1919, and I do not know anything about the sewer which the City claims was put in in May or June, 1920.

Engineer Rankin: Our records show that this sewer was built privately. We have the depths, lengths of pipe and the number of hours of labor put in on this sewer connection. I have looked up this matter very carefully and I do not see any reason why this bill should not be paid. This is merely a question of veracity between Mr. Burton and the Foreman who was on the job.

The Board of Commissioners of  
The City of Newark, N. J.

City Clerk.

## NEWARK, N J

May 9, 1922

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Council Chamber, City Hall, Newark, at 11 A. M.

Present Commissioners Brennan, Gillen, Raymond, Howe, Mayor Breidenbach.

The minutes of meeting of May 2nd were read and approved.

Mr. Joseph W. Burton, 420 Clinton Place, appeared before the Board and objected to the assessment for the Goldsmith Avenue sewer, stating that his property was not connected with this sewer and that he has been connected with the sewer in Clinton Place.

A report from Edward S. Rankin, Engineer in Charge, Bureau of Sewers, stating that the sewer had been laid to the curb line of Mr. Burton's property was received and read.

Commissioner Raymond moved that the matter be referred to his Department, and the Ridgewood Avenue assessment laid over to May 16th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Rev. O. Bell Close appeared before the Board and stated he had been

delegated by two bodies of people in this city, the Federation of Churches, comprising forty churches in the City and the Presbytery of Newark, to speak on three matters of concern to the people of Newark; first, to urge the adoption of an ordinance by the Board to do away with screens in saloons; second, to oppose the proposed licensing of saloons in the City and third, to urge the City authorities to co-operate with the Federal authorities whereby we may avail ourselves of the provisions of the Volstead Act as they apply to the abatement proposition.

Assemblyman Geo. S. Hobart raised the question as to whether the the passage of the proposed ordinance licensing saloons would not be a violation of the Van Ness Act or the new Act which was passed at the last Session of the Legislature, and also urged that the Board give consideration to the question of co-operating with the Federal authorities in the enforcement of the Abatement Act.

Other speakers opposed to the passage of the proposed ordinance licensing saloons were: Rev. Karl K. Quimby, representing the Roseville section; Rev. T. Alexander Cairns; Rev. E. A. P. Cheeck, Mr. William T. Jancovius, Mrs. M. T. Johnson, Mr. J. Clarence Carr, Mrs. Anna Neuhaus and Mr. H. O. Bolia, representing the Retail Grocers Association.

Corporation Counsel Congleton: Mr. Mayor, reference has been made to the Law Department numerous times during the discussion as to what our opinion may be with respect to some of the Legislation, and I

think it only fair to Commissioner Brennan, who has taken the advice of the Law Department, that we should make some explanation at this time. With respect to the authority of this Board to pass the ordinance which has been referred to as the saloon ordinance, I feel very clearly in my own mind that the Board of Commissioners has such power. I am well aware of Chapter 255 of the State Laws, particularly Sections 41 and 42 which have been referred to, and I do not think under the title of such an Act the Legislature can take away from a municipal body the power given to it to license any and all kinds of business. Any section in so far as it relates to taking away this power is unconstitutional.

With respect to the Nuisance and Abatement Act, it is very true, and we have considered that Act and find that it is as Mr. Hobart described it, but find under that Act the power, as I read it, to enforce the provisions of closing a place is not given to the Municipal authorities, but it does vest in the Court of Common Pleas, provided a person has been indicted and convicted of a misdemeanor, to impose as part of the sentence that the place be closed, so you can readily see that it may be a considerable length of time before a lot of the places you complain of, and that we complain of, can be closed.

We therefore thought it highly proper to introduce, and we are glad to have the citizens here today to give their views with respect to this ordinance. You have all said you wanted the saloon done away with, but every single one of you admit that we still have them and we believe that by an ordinance such as

this, which is not for the purpose of raising revenue, that we can better enforce the law. We have put some very stringent provisions in this ordinance. It also gives the Director of Public Safety power to promulgate additional rules and regulations from time to time as he may find necessary. Some months ago Commissioner Brennan was the first man in our Legislative Conference to recommend that our Conference go on record as in favor of the Screen Law. We have today in the City of Newark more so-called saloons than we have policemen. It has been stated that these saloons are being carried on by an entirely different class of men. We know it, and I want to say to you from my investigation in sitting in with Commissioner Brennan, that a large number of individuals running so-called saloons today would not run them if we had that kind of an ordinance. At the present time there is nothing to prevent any individual from out of town, to come here and open a place over night. Section 8 of the ordinance provides that no license shall be granted to any person who is not a citizen of the United States and a resident of the City for at least one year, or to any person who has been convicted of a violation of the National Prohibition Law or any State Law with respect to the sale of liquors. We feel that the provisions of this ordinance will materially assist us in wiping out the places complained of, and the ordinance is not for the purpose of raising revenue. I believe Commissioner Brennan is ready to introduce an amendment to make the fee a nominal one. If this ordinance is passed I believe the number of saloons in existence today will be very materially reduced at the start.

Reference has been made to the Volstead Act, and about the closing of these places when we make raids. It is true when raids were made we did close them until the Prohibition Enforcement Officer arrived with a search warrant. That was done by arrangement with the Prohibition Officer and he agreed to take the case over at that point and prosecute it. The Volstead Act is very clear, as I read it, in respect to what a representative of a Municipality can do. We have been working in this matter with the Prohibition Enforcement Officer and have done everything up to date that he has asked us to do. He asked us to keep these places closed until he could get there with his search warrant, which we did, and Mr. Hobart will agree that we have no arbitrary power to keep the places closed.

We have gone just as far as we can go in that respect. We are glad to have your comment and this ordinance is not an attempt to keep the saloon as we knew it, going, or for the purpose of raising money, but for the purpose of regulating this business, which has been referred to as a lawful business when they are selling beverages of less than one-half of one per cent. We know and you know some places are selling other stuff, and we believe an ordinance such as this will help us to regulate much more effectively.

Commissioner Raymond: I do not see why we should subject these people who sell a non-intoxicating beverage, to this ordinance. I think you will work an injustice on lots of innocent people. If they are violating the law you can get them now. I am opposed to the entire ordinance.

Commissioner Brennan moved that "An Ordinance to license and regulate the manufacture or sale of malt or brewed liquors or any liquid of which distilled or ardent spirits or spirituous liquors form a component part, which contains less than one-half of one per centum of alcohol by volume, used or to be used for beverage purposes," be placed back on second reading for the purpose of amendment.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

Naye: Commissioner Raymond.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Commissioner Brennan offered the following amendment to Section 2:

"Section 2. All such licenses issued as aforesaid shall not be issued for a longer term than one year, and the annual license fee is hereby fixed in the sum of Fifty Dollars (\$50), where the liquids described in Section 1 are to be drunk upon the premises, and Five Dollars (\$5.00) where the liquids described in Section 1 are to be drunk off the premises. Such licensing official may, in his discretion, issue such licenses for a shorter pe-

riod than one year, and charge therefor such proportion of the annual fee as the time for which such license is issued bears to the total fee. The fee for transfer of license from place to place or from person to person is hereby fixed in the sum of One hundred dollars (\$100.00) for each transfer.

The roll being called, the amendment was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

Section 5 declared open to amendment.

Section 7 declared open to amendment.

Section 8 declared open to amendment.

Section 9 declared open to amendment.

Section 10 declared open to amendment.

Section 11 declared open to amendment.

Section 12 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

The clerk then read the ordinance through as amended.

Commissioner Brennan moved that the ordinance be ordered to a third reading.

Yeas: — Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

Naye: — Commissioner Raymond.

And the Director of the Department of Streets and Public Improvements is hereby directed to give public notice in an authorized daily newspaper, printed and published in the City of Newark, of the intention of the Board of Commissioners to order and cause such improvements to be made, and that all persons whose lands may be affected by such improvements or who may be interested therein will be given an opportunity to be heard concerning the same at a meeting of said Board, to be held in its meeting room, City Hall, on May 31, 1922, at 11 o'clock a. m., at which time and

The Board of Commissioners of  
The City of Newark, N. J.

W. J. EGAN,  
City Clerk.

NEWARK, N. J

May 16, 1922.

An adjourned meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Council Chamber, City Hall, Newark, at 10:30 A. M.

Present: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The minutes of meeting of May 9th were read and approved.

Mayor Breidenbach announced the Board was prepared to hear any citizens in the matter of the award for damages in the proposed opening and widening of Ridgewood Avenue.

Mr. Nathan Pollant: I own 77 Watson Avenue. I understand you have decided to take off of my lot about 5 feet in the rear running along about 25 feet in length, and you have made me an award of \$65, and you have assessed me \$300. I really don't think this is a very just award or a just assessment. If the land is valuable, then the rear of the lot is valuable. If the lot is not valuable, then why do I come in and get an assessment of \$300—when the land is not valuable?

Commissioner Howe: Because it puts you on a corner.

Mr. Pollant: Yes; don't forget I have a one-story building, and a building on the corner, the land is valuable. You will have to put another siding there, and the expense incurred will not be worth while for the expense I will have, and then there will be an assessment for curb-

ing and grading \$600. That will be \$1,000. And the land will never be valuable to that amount. I don't think \$65. award is enough, and make me pay \$300. assessment. There is a building on it; if there wasn't a building on it, maybe it will be worth something, but the building the way it is now is absolutely useless, with the expense incurred of \$1,000. \$65. for taking off a piece 5x25, I don't see where the figures are gotten. A lot 25x100 square will always sell for \$500. more than if there was a piece cut off the rear. I certainly am not satisfied with that award or that assessment.

Mr. Wolber: This land taken is vacant.

Mr. Pollant: I say there is a one-story building there, and the building is no good for a corner.

Mr. Wolber: It only takes off about 60 square feet.

Mr. Pollant: I am in the real estate business, and I know when a lot is sold, if it is not an even lot, it sells for a great deal less than an even lot. Sometimes a foot makes a difference of \$500. on a lot.

Commissioner Howe: It never made that difference in the rear of that lot.

Mr. Pollant: I have a lot on Grant Avenue and Hunterdon Street, and on account of the narrowness of the lot in the rear, I was unable to sell that lot; they all want lots 25x100. That makes it 20 in the rear. It may be true that it is a vacant lot now, but some day it will be built upon,

but an award of \$65. is out of the question.

Mr. Wolber: How much do you say your lot is damaged by the taking off of this land?

Mr. Pollant: At least \$500.

Mr. Wolber: What value do you place upon your lot?

Mr. Pollant: I owned the lot for, I think, about twelve or fourteen years, and at that time I paid \$1200. for it. I believe now it is worth \$2,000.

Mr. Wolber: Have you heard of any lots being sold in that neighborhood for \$2,000?

Mr. Pollant: I don't know, but I am in building and loan associations, and I know when anybody applies for a mortgage on land on Watson Avenue a little bit further up, it is \$100. a foot.

Mr. Wolber: You know of no sales recently at \$100. a foot?

Mr. Pollant: I haven't bought and sold any.

Mr. Wolber: Have you heard of any sales at \$50. a foot?

Mr. Pollant: No, sir.

Mayor Breidenbach: Any other citizen wish to heard on Ridgewood Avenue?

(No response.)

Commissioner Raymond: Then I move that the assessment be confirmed as to all except Mr. Smith's client.

Mr. Wolber: The suggestion is made that the matter in which Mr. Smith is interested be referred to a committee to take testimony, and Mr. Smith suggests that if he cannot abide by the award of the committee, that his appeal will be directed to the Circuit Court, and not back again to the City Commission.

Commissioner Gillen: He would still have the right to appeal from the committee to the entire Board.

Mr. Smith: I agree that my hearing before the committee shall be the same as the hearing before the Board.

Commissioner Gillen: I second the motion.

Commissioner Raymond: Then the Board will consider the matter on the testimony taken before the committee. The committee will make a report as well as take the testimony.

Commissioner Gillen: I move that this matter be referred to a committee of the Board to hear testimony and report back—a committee of two.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Mayor Breidenbach: I will appoint Director Howe and Director Gillen on this Committee.

The following reports of the Commissioners of Assessments for Local Improvements on the following street improvements were received and ordered filed:

Paving of First Avenue from Bloomfield Avenue to North Sixth Street;

Paving and repaving of Grove Street from the Irvington Line to the East Orange Line;

Grading, curbing and paving of Thomas Street from Dawson Street to Pacific Street.

Mr. Samuel J. Kaufman, 20 Clinton Street, representing the Workmen's Circle Cemetery Association appeared before the Board and urged that permission be granted his clients to use the property at 255 Evergreen Avenue for cemetery purposes. Mr. Kaufman filed a map and description of the property.

Commissioner Gillen moved that a public hearing be held on the application next Tuesday at 11 A. M.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Mayor Breidenbach: The Board is now ready to hear any citizens on the report of the Commissioners of Assessments for Local Improvements awarding damages for the opening of Park Place.

Mr. Wm L Morgan, Prudential Bldg., representing Estate of Robert B. Symington, appeared and objected to the award of \$16,500 to his client on the ground that it was insufficient, stating that the proposed widening would reduce the frontage of his client's property and greatly depreciate the value of the property for development purposes, and stated he felt the award to his client, compared with that of Trinity Church was not equitable.

Mr. John M. Emery, 765 Broad Street, representing the Wright Estate on Park Place objected to the award to his client as being too low and felt they were entitled to at least \$30,000.

Mr. Geo. Breauburger, 44 West 18th Street, New York, representing the United Cigar Stores, stated his Company had to withhold erecting buildings on their property because of the proposed improvement at a loss of \$4,500 in rentals.

Mr. Francis Child, 790 Broad Street, representing Trinity Church stated his clients were satisfied with the award granted them.

Mr. Horace C. Grice, Prudential Bldg., representing the Savage Estate stated his clients were satisfied with the award, but felt the assessment for curbing and flagging in this improvement should be assessed against the City at large and not the property owners.

Mr. Frank J. Bock, representing the Newark Athletic Club, stated his organization were satisfied with the award for damages.

Corporation Counsel Congleton stated when proceedings were instituted for curbing and flagging that property owners would have an opportunity to be heard on the matter.

Commissioner Howe offered the following resolution:

WHEREAS, The Commissioners of Assessments for Local Improvements of the City of Newark have heretofore certified and filed with this Board their assessment report, awarding damages sustained by the opening and widening of Park Place from Rector Street to Saybrook Place on the easterly side thereof, which report is accompanied by a map showing the lands and real estate taken, damaged or benefited by said improvement and for which damages or benefits have been assessed; and,

WHEREAS, The City Clerk pursuant to the direction of this Board did publish and post a notice and also mail a copy of said notice to such owner or owners mentioned in said report directed to their last known post office address, that the map and report of the Commissioners had been completed and filed in his office, and that this Board would meet in the Board of Commissioners Chamber (second floor rear) City Hall, Newark, New Jersey on Tuesday, May 17th, 1922 at eleven o'clock A. M. to hear all persons interested in said damage awards; and,

WHEREAS, This Board did meet at the time and place specified in said notice to hear all persons interested in said damage awards and heard any and all objections, argument, proof and evidence presented against said damage awards and hav-

ing duly considered the same and also the said report and map;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the report of the Commissioners of Assessments for Local Improvements of the City of Newark awarding damages sustained by the opening and widening ofw Park Place from Rector Street to Saybrook Place on the easterly side thereof, and the map accompanying the same, be and the same are hereby in all things adopted, ratified and confirmed; and,

may become necessary or expedient, or the grade of which may become affected on account of the laying of the pavement or the setting or resetting of the curb;

Said improvement to be made as a local improvement and the cost thereof to be assessed against the property benefitted by said improvement in proportion to the benefits received.

In order to avoid the necessity of excavating and tearing up the proposed improved portion of said street, after the making of said improvement, the owner of any and all lands on the line of said proposed improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb line in said street for each lot fronting upon said street within thirty days after the passage of an ordinance providing for said improvement. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Streets and Public Improvements, in which case the costs and expenses of making said connections will be assessed upon the lands benefitted. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

And the Director of the Department of Streets and Public Improvements is hereby directed to give public notice in an authorized daily newspaper, printed and published in the City of Newark, of the intention of the Board of Commissioners to order and cause such improvements to be made, and that all persons whose lands may be affected by such improvements or who may be interested therein will be

The Board of Commissioners of  
The City of Newark, N. J.

W. J. EGAN,  
City Clerk.

NEWARK, N. J.

Mayor Breidenbach: I might say

May 23, 1922.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

Absent:—Commissioner Raymond.

The minutes of meeting of May 16th were read and approved.

Mr. Frederick W. Wilderotter, 31 Clinton Street, representing property owners in the vicinity of Sixteenth Avenue and South 7th Street, appeared and entered protest against the granting of a permit to conduct a chicken market at this location.

Rev. Father Theodore Peters and Rev. Father Louis Remmelle on behalf of St. Ann's Parochial School objected to the establishment of a chicken market at Sixteenth Avenue and South 7th Street, stating the location was within 125 feet of their school and that there was no need of such a market in that locality.

Commissioner Howe moved that the Board go on record as being opposed to this chicken market and that the matter be referred to the Mayor with power to act.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

I have had a great many complaints concerning this proposed chicken market and I have talked the matter over with Father Peters and I called up Dr. Craster this morning and told him I would not allow a chicken market around that church and school and you can go home and rest assured there will be no live chicken market or chicken slaughter market established there.

Rev. Dr. Close, representing the Federation of Churches, stated he desired to repeat the opposition which was expressed two weeks ago against the proposed ordinance for the licensing of saloons.

Commissioner Brennan: I might say at this time, that I have decided to withdraw the ordinance.

Commissioner Brennan moved that the ordaining clause of an ordinance entitled "An ordinance to license and regulate the manufacture or sale of malt or brewed liquors or any liquid of which distilled or ardent spirits or spirituous liquors from a component part, which contains less than one-half of one per centum of alcohol by volume, used or to be used for beverage purposes," be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

Mr. Geo. E. Russell, representing the Israel K. U. V., appeared and requested that the Board reconsider its decision declining permission to

use the property on Grain Street for cemetery purposes, stating he felt satisfied he could offer such arguments as would enable the Board to grant this permit.

Commissioner Gillen moved that the Board grant a rehearing next Wednesday, May 31st, at 11 A. M.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

Mr. Samuel J. Kaufman, 20 Clinton Street, representing the Workmen's Circle Cemetery Association, stated he presented a petition last week for permission to use the property at 255 Evergreen Avenue for cemetery purposes, and that he has obtained the consent of the Health Department, and that there was no opposition whatever to this property being used for cemetery purposes.

Commissioner Gillen moved that the matter be laid over one week in order that the Commissioners may inspect the property.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

Mr. Spaulding Fraser stated he appeared in the matter of the proposed ordinance for the widening of Mulberry Street.

Mayor Breidenbach stated the or-

dinance would be laid over until May 31st.

Dr. Charles F. Underwood, 54 North 11th Street, stated he desired to object to the proposed ordinance for the widening of Stuyvesant Avenue.

Mayor Breidenbach stated this ordinance would be laid over until May 31st.

Mr. Joseph Bergman, 175 Elizabeth Avenue and Mr. Morris Weisfeld, 112 Elizabeth Avenue, appeared and objected to the resurfacing of Elizabeth Avenue at this time, stating resurfacing was not necessary at this time, and presented the following petition :

The Honorable Commissioners

of the City of Newark.

We, the undersigned property owners of Elizabeth Avenue from Clinton Avenue to Bigelow Street, do hereby protest against the repaving of the above stated street as we think that the street is in satisfactory condition to last for some time.

(Signed by Fifty-Four Property Owners.)

Corporation Counsel Congleton stated 80% of the cost was to be assumed by the City and only 20% assessed against the property owners on both sides of the street.

Mr. Henry H. Dawson, Essex Building, representing the Mt. Pleasant Cemetery Association, appeared and stated in 1918 the City entered into an agreement whereby the Cemetery Association agreed to sell to the City

land extending into the river and the City agreed to erect a retaining wall along the cemetery protecting the property and that the agreement provided that the wall was not to be erected until the termination of the war, but in any event it should be finished within two years or by the 8th of August, 1920, and the wall was to be in accordance with the specifications and agreements prepared by the City Engineers. The wall was not finished until September, 1921 and it is not finished at the present time, that is, in accordance with the agreement and we want to complain against that and ask that the City take steps to have the wall completed. The wall was to be eight feet above the level of the street. In some places and it is that height, but in others it is only four feet and because of this the cemetery is put to the expense of employing watchmen to protect their property.

Commissioner Gillen moved that the matter be referred to Director Raymond.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

Dr. Otto Lowits, 78 Clinton Avenue, stated he appeared to object to the resurfacing of Clinton Avenue, but that he understood property owners were only to be assessed ten per cent. and that he did not think property owners understood this and asked that action on the ordinance be postponed one week so that he may inform property owners of the low assessment.

Commissioner Howe offered the following ordinance which was read by the clerk:

An Ordinance providing for the repaving of Bridge Street from Broad Street to the Passaic River, in the City of Newark, New Jersey, on both sides of the street railway tracks, with the exception of one foot on each side of said tracks, with new oblong granite block, on the old concrete foundation built up.

WILLIAM J. BRENNAN,  
CHARLES P. GILLEN,  
JOHN HOWE,  
F. C. BREIDENBACH,

The Board of Commissioners of  
The City of Newark, N. J.

W. J. EGAN,  
City Clerk.

NEWARK, N. J.

May 31, 1922.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present:—Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The minutes of meeting of May 23rd, were read and approved.

Mr. Geo. E. Russell, 38-40 Park Place, representing the Israel K. U. V. Cemetery Association, appeared and requested an adjournment on the hearing to use 180 feet on Grain Street for cemetery purposes until next Tuesday.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The following reports of the Commissioners of Assessments for Local Improvements on the following street improvements were received and ordered filed:

Repaving of Eighth Avenue from Nesbitt Street to Clifton Avenue;

Repaving of Plane Street from State Street to Market Street;

Repaving of Nesbitt Street from Sussex Avenue to Eighth Avenue.

Dr. William G. Hanrahan, 36-A Fulton Street, Rabbi Solomon Foster, 90 Treacy Avenue, Dr. Henry R. Rose, 815 South 11th Street, appeared and urged the continuation of the Junior College, stating this institution was of vital importance to the youth of the City.

Commissioner Gillen: This is a matter of great importance to the educational system of the City. There is no question of that at all, which is evidenced by the protests that have been made by many leading citizens interested in educational matters when they found no appropriation had been made. The serious part of this thing is this: Newark has established the Junior College and Newark has made a record in doing that. It has become known throughout the whole country that in the City of Newark there is a Junior College. Newark usually is not ready to take a backward step, and I do not think there is any member of this Board, representing the City of Newark as its duly elected representative, that would like to see the City take a backward step, and I feel, and I feel my colleagues feel that every effort should be made to provide funds to carry on this College, and in view of the wide-spread interest evidenced in this matter, I feel it is our duty at this time to set a special date for a hearing on this matter, and if necessary, give the whole day to it, or two days. There is nothing so dear to us as the educational system of our city, and to see that our children get the best educa-

tional advantages. I think we should set a special date for a hearing.

Commissioner Gillen moved that a public hearing be held on the question of the continuation of the Junior College on Thursday, June 8th, at 10 o'clock and that the public be invited to express their views and that the Board of Education be invited to sit with the Board.

Mr. Aaron Marden, 810 Broad Street, stated he represented a number of property owners on Nye Avenue who were in favor of repaving the Street and urged that the improvement be made.

Commissioner Raymond offered the following ordinance which was read by the clerk:

L. 1917-319) and the supplements thereto and amendments thereof.

Said improvement to be made as a local improvement and the cost thereof to be assessed against the property benefited by said improvement in proportion to the benefits received.

Commissioner Raymond moved that the ordaining clause of an ordinance entitled "An ordinance to provide for the grading and paving of Foundry Place from Roanoke Avenue to Plum Point Lane with old granite block on a cinder foundation," be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Mr. Richard Hartshorne, representing between 75 and 100 owners of property on Commerce Street appeared and objected to the assessment of benefits for the opening and widening of Mulberry Street on property owners located on Commerce Street, stating property owners on Commerce Street were not opposed to the proposed widening, but did not feel they should be assessed for benefits since the improvement was being made for the benefit of a public market and

that the widening was an improvement which would benefit the public generally and not for the benefit of the property in that vicinity.

Mr. John F. Murray, representing the Mutual Benefit Life Insurance Company, appeared and stated that his Company had been notified they were to be assessed for benefits for the opening and widening of Mulberry Street and that he could see no benefit accruing to his Company under this proposed improvement and stated if his Company was assessed they would take legal action to have it set aside.

Mr. B. F. Beekman, 311 Summer Avenue, representing Central Methodist Church, 227 Market Street, stated he could see no benefit that would accrue to the church through this proposed widening.

Mr. Spaulding Fraser, representing the United Cigar Stores Company, stated his clients had had a study made of the traffic conditions in this section by Herbert S. Swain, City Planning Expert, which indicated that the proposed widening would be of no great benefit to traffic conditions in that vicinity. Mr. Fraser filed with Director Raymond the report of Mr. Swain, together with suggestions for creating better approaches to the new market.

Mr. Aaron Marden, 810 Broad Street, representing owner of property at 82-84 Commerce Street, opposed the assessment of any benefits against his clients.

Commissioner Rapmond:—Our policy is to offer these things and bring the public here and get their views and have hearings. I think the suggestion that Mr. Fraser makes that there are possibly better ways of doing this, are worthy of further consideration, and I would like to lay this matter over for a considerable length of time in order that the matter may be considered. There is no desire on my part to push this thing.
